ABOUT MAX SPADUCCI

MAX SPADUCCI is the artistic name of Massimo Spaducci, an Italian composer and songwriter based in Gran Canaria, Spain. His music is born from real-life experiences, personal emotions and the belief that every human story has the potential to become a song.

Through his compositions, he explores universal themes such as love, relationships, separation, hope, faith and personal transformation. His work is deeply autobiographical, turning meaningful moments of his life into musical narratives that connect with listeners across cultures and geographical boundaries.

A MULTILINGUAL MUSICAL JOURNEY

MAX SPADUCCI develops an international project with songs in Italian, Spanish, English, Portuguese and French. His music combines contemporary songwriting with emotional storytelling, crossing musical styles and cultural influences. For him, music is a universal language capable of connecting people who may never meet but who share the same emotions.

ARUBA 5000 KILÓMETROS

A TRUE STORY WRITTEN IN ARUBA

One of his most personal projects is "ARUBA 5000 KILÓMETROS", an autobiographical composition written during his stay on the Caribbean island of Aruba.

The song tells the story of a journey of approximately 5,000 kilometres from Gran Canaria to Aruba, connecting five places around the world: Santa Brigida, Helsinki, Paris, Maracaibo and Aruba.

Each location represents a different chapter of his journey, while Aruba holds a special significance as the place where the song was written and from which it takes its title.

The original Italian version was released on September 15, 2026, followed by the Spanish-language version on September 21, 2026.

Through this project, MAX SPADUCCI seeks to demonstrate how personal experiences can become artistic expressions capable of reaching people around the world.

THE ARTISTIC VISION

At the heart of MAX SPADUCCI's work is a simple philosophy:
MUSIC CREATES LIFE.

For him, music is more than entertainment. It is a way of preserving memories, expressing emotions and transforming personal experiences into something that can be shared with others.

His compositions reflect a continuing artistic journey driven by authenticity, emotional expression and the desire to connect with an international audience.
